Career Objective

Motivated and detail-oriented BCA Final Year student seeking a 1-month internship in a software company to gain practical industry experience, enhance technical and problem-solving skills, and apply academic knowledge in real-world software development projects.

Education

Bachelor of Computer Applications (BCA)

RNS First Grade College, Bangalore

Year of Study: Final Year | Expected Graduation: 2026 | CGPA: 8.6 / 10

Internship Goal

To secure a Computer Science internship opportunity focused on Front-End Development and modern web technologies, where I can contribute to real-time projects while learning from experienced professionals.

Technical Skills

- Front-End Development (HTML, CSS, JavaScript)
- Responsive Web Design
- React.js (Basics)
- Git & GitHub
- UI/UX Fundamentals

Soft Skills

- Problem Solving
- Team Collaboration
- Time Management
- Adaptability
- Communication

Projects

1. Personal Portfolio Website

Designed and developed a responsive personal portfolio website showcasing my projects, skills, and contact details using HTML, CSS, and JavaScript.

2. E-Grocery Website – “Fresh Basket”

Created a user-friendly online grocery store interface with product listings, cart features, and responsive design for a smooth shopping experience.

Purpose of Internship

The purpose of this internship is to gain hands-on experience in software development, apply classroom concepts in a professional environment, and understand how collaborative projects are built, tested, and deployed in the software industry. This opportunity will help me develop both technical expertise and professional skills for my future career in computer science.
